Alternative - Through Town

From the west, the Through-Town Alternative starts just west of 70th Street and ends just east of 60th Street. This alternative has a 400-foot corridor. The existing roadway width through town is about 60 feet. The total corridor length is 1.5 miles.

Alternative - South Realignment

From the west, this alternative also begins just west of County E and connects back in to existing US 8 west of 56th Street. This 400-foot corridor is a southern bypass of Range. At-grade intersections will be constructed at 70th Street and 60th Street. Cul de sacs would be constructed on the existing US 8 west of 70th Street and at 56th Street. The total corridor length is 2.8 miles.
